Work Experience

○ February 2026 – May 2026

Codemoly

Software Engineering Intern

- Developed responsive web application features using Next.js, React.js, HTML, CSS, and JavaScript.
- Collaborated with senior developers in an Agile development environment.
- Built reusable UI components and optimized frontend performance.
- Integrated REST APIs and assisted in debugging and testing web applications.
- Used Git and GitHub for version control and collaborative development.
- Participated in code reviews, sprint meetings, and feature planning.
- Worked on real-world client projects while following software engineering best practices.

Projects

- ResearchGPT: Multi-agent AI system for research paper writing.
- U-Net Based Multi-Organ Segmentation: Deep learning segmentation of abdominal CT images.
- Diabetes Prediction Model: Machine learning model for diabetes risk prediction.

Education

Bachelor of Science (B.Sc.) in Computer Science & Engineering

North South University

2022 - 2026

Higher Secondary Certificate (HSC)

Shaheed Police Smrity College, Dhaka

2020

Secondary School Certificate (SSC)

Adamjee Cantonment Public School, Dhaka

2018
